

EECS 399 Directed Study / Independent Research Form

Electrical & Computer Engineering

Undergraduate Advising Office

3415 EECS Bldg., eceadvising@umich.edu, 734.763.2305

SEE DIRECTIONS ON BACK

Once completed, this form should be returned to the ECE Undergraduate Advising Office via email at eceadvising@umich.edu

Student Name:	
UMID:	Unique Name:
Date:	
Major (e.g., CE, EE):	
Faculty Mentor Name:	
EECS 399 Section Number:	Credit Hours:
Project Title:	

You must attach a 1-2 paragraph description of your project. You will need to discuss this thoroughly with your faculty director prior to completing this form. After the description of the project, please answer the following questions:

1. How will you be evaluated? (Report, oral presentation, exam?)
2. Will materials from other classes you have taken be used in this project? If so, list the classes and materials/topics that will be used.
3. How often will you meet with your faculty mentor?
4. How will the completion of your project be determined (what are the deliverables)?

Student

Date

I certify that the above information is correct, and that this directed study course replaces an equivalent number of credits of a regularly offered 300-level EECS course in terms of content and learning experience.

Date

How to set up Directed Study / Independent Research (EECS 399)

1. Fill out this form completely.
2. Attach a brief description of the independent study project.
3. Have the form signed by the professor you're doing research with (this is your faculty mentor).
4. Submit an **electronic copy** to the ECE Undergraduate Advising Office at eceadvising@umich.edu.
5. Register for the appropriate section* of EECS 399.

*You must register for the correct section of EECS 399. Each faculty member in the EECS department has an assigned section number. A list of these section numbers can be found at:
